Enclosure No.

I've docket No. 1722/29 dated the 29th. September 1904, calling for the opinion of the undersigned as to the need of introducing into the Province Act no: I of 1904 of the Government of India.

—"—

I have the honor to state that the opinions of the Assistant Commissioners in charge of Divisions as well as

that of the Assistant Commissioner in charge of the City Magistrate's Court were called for. All the Assistant Commissioners in charge of Taluks give it out as their opinion that the Act may be introduced, while the Assistant Commissioner in charge of the City Magistrate's Court states that cases of poisoning, either of animals or of human beings not being of frequent occurrence, there is no need at present to introduce the Act in question. The undersigned agrees with the City Magistrate and thinks there is no need at present to introduce the Act

D Devanahalli

District magistrate,

Bangalore District

No.C. 774 Leg. 79 of 04 Dated Bangalore, 22nd May 1905.
Gl. 2

From

Lt. Col. John Smyth M.D., I.M.S.

Offg. Senior Surgeon and Sanitary Commissioner

with the Government of H.H. the Maharaja of

Mysore, Bangalore.

To

B.K. Venkatavaradaiengar Esqr.,

Secretary to the Government of H.H. the

Maharaja of Mysore, General and Revenue

Departments, Bangalore.

Sir,

With reference to your No. J.386 dated 13.8.04, Legis (90-04-5)-1 I have the honor to forward the opinions of the Deputy Commissioners on the subject of applying "Poisons Act" to Mysore State. I also enclose copies of two tabular statements, one showing the total number of cases of poisoning, and the other the cases of poisoning by arsenic in each District.

2. It will be seen that the Deputy Commissioners of Tumkur, Hassan, Shemoga, Kadur and Mysore are in favour of introducing the Regulation in question. The Deputy Commissioner of Mysore recommends further that clause 10 apply to certificated persons only while the Deputy Commissioner of Hassan dwells on the help the Regulation would afford in detecting crime.

3. The Deputy Commissioner of Chitaldrug says the Regulation might with advantage be introduced into Bangalore and Mysore Cities but is not called for elsewhere. The Deputy Com-

Commissioner of Kolar recommends the Government of Mysore to -- await the result of the working of the act in British Territory.

4. My own opinion is that the Regulation if introduced -- will have an all round useful and healthy effect, and I would -- gladly support the recommendation of the Deputy Commissioner of Mysore Viz.- to restrict the application of para 10 of the Regulation to certified persons were I fully acquainted with the -- economic purposes to which arsenic is employed in this Territory and satisfied that the restriction he recommends would not cause serious inconvenience. My impression is, however, that arsenic is not in such wide spread use that the restriction of its sale to certified persons would cause any serious inconveniences; and if I am right on this point then I support the Deputy Commissioner's recommendations.

I have the honor to be,

Sir,

Your most obedient servant,

M.D.,

To

The first-assistant to the Honourable the British Resident in Mysore

Date of issue 11.7.05

Signed by B.H. Venkatavardiengar

Sir,

I am directed to extract ~~Advertise~~ to the correspondence ending with this office letter No. Pol. 18 Legis. 5, dated the 23rd June 1896, on the subject of the proposed legislation to regulate the possession and sale of poison in the territories of Mysore; and

~~also~~ ~~I am directed to state that~~ a Bill (No. I of 1904) leaves many important matters to be dealt with ~~by~~ Orders rules ~~and orders~~, to be issued thereunder; the Durbar ~~are~~ anxious to

over.

A Bill to the Poisons Act passed last year by the Governor General in Council.

And before deciding whether similar legislation is necessary for Mysore

SUBJECT.

Rules have been framed to work in British India, Coorg and the Civil & Military Station of Bangalore.

The Durbar will therefore feel much obliged by being favored with the above information, and also with copies of the Rules and Orders if any published by the Govt. of India and the Local Governments under the Act.

The Superintendent of the Govt. Printing in Calcutta, Madras & Bombay, to whom applications were made, having replied that the said copies of the above references are not available for sale, the Durbar have ventured to request the kind assistance of the Hon'ble the British Resident in the matter.

I have &c.

List of enclosures.

7/8/05

Dated Bangalore, 5th August 1905.

SIR,

I am directed to acknowledge the receipt of Mr. Venkata Varada Iyengar's letter Pol No.26, dated the 11th July 1905 enquiring how the Poisons Act, I of 1904, and the Rules framed thereunder have been found to work in British India and the Civil and Military Station of Bangalore and requesting to be favoured with copies of the Rules and Orders, if any, published by the Government of India and the Local Governments under the Act.

2. In reply, I am to say that the Act in question has not yet been introduced into the Civil and Military Station of Bangalore, and that no Rules under it appear to have yet been published in British India. With regard to these latter the Government of India while they have no desire to impose uniformity in detail, consider it desirable that the same general lines should be followed throughout India. Draft Rules have now been submitted by several Local Governments and after considering them the Government of India have determined to defer the issue of instructions until the rules prepared for all provinces are before them.

3. In these circumstances I am to say that the

Hon'ble the Resident will be glad if the Durbar will for the present kindly postpone their enquiry.

I have the honour to be,

Sir,

Your most obedient servant,

First Assistant Resident.

2nd
